

WellMed Charitable Foundation Brings Season Full of Warmth to San Antonio Charities

This winter season is a little warmer for seniors in the San Antonio area, thanks to the generosity and compassion of WellMed employees. The Season Full of Warmth campaign, which ran from Nov. 8 – Dec. 3, was organized by the San Antonio WellMed/Optum Employee Community Council.

The goal was to collect items to keep older adults warm during the cold winter months. Employees donated more than 850 blankets, scarves, hats, socks and gloves. In addition, \$9,000 in monetary contributions was raised by employees through the WellMed Charitable Foundation. All employee monetary donations were tripled due to a match from WellMed and UnitedHealth Group. The funds and items collected were split between three organizations: Haven for Hope, Meals on Wheels, and the Battered Women's and Children's Shelter.
