

Trevor Jackson accepts bronze President's Volunteer Service Award

WellMed Senior Physician Business Manager Trevor Jackson recently accepted the 2021 bronze President's Volunteer Service Award (PVSA) at the Houston Food Bank on behalf of WellMed. WellMed volunteers donated almost 120 hours at the food bank, equivalent to 7,140 meals.

The mission of the PVSA is to honor individuals whose service positively impacts communities in every corner of the nation and inspires those around them to take action. It's led by the AmeriCorps and managed in partnership with Points of Light. Jackson recruited the most WellMed employees to volunteer at the food bank in 2021. "Attending and being recognized at this event was an honor and confirmed the impact of these volunteer opportunities. Seeing other reputable companies in attendance shows we're mirroring best practices of high-performing organizations," Jackson said. "Therefore, it's motivating to continue to volunteer in the future as it gives us a chance to work together as a team in a different setting. This was great for employee engagement and morale to know we are truly appreciated for making a positive difference in our own community."
