

SABRINA BOOTH, LPN NAMED WELLMED'S NURSE OF THE SECOND QUARTER

Congratulations to Sabrina Booth, LPN, the WellMed Nurse of the Second Quarter.

Sabrina, who works at WellMed at Elk Mountain in Tampa, Florida, embodies the five pillars of integrity, compassion, relationships, innovation and performance.

Sabrina always treats others with kindness and compassion, even as she covers three clinics because of staffing challenges. Sabrina consistently maintains a positive outlook with her patients and takes the time to bond with them, establishing trusting relationships.

With coworkers, Sabrina is supportive and encourages them to discover ways to improve the patient experience. She often takes continuing education classes to keep up with evidence-based practices and imparts what she learns to her coworkers. In turn, Sabrina never hesitates to reach out with questions or if she has ideas that may improve the process in the clinic.

Sabrina truly fulfills the WellMed mission – to change the face of health care delivery for older adults and the nation.
